## JELD-WEN SUPPORTS YOUTH BALLFIELD

**Montgomery County, Virginia** • Plans to build two dugouts at Motor Mile Park on Tyler Road received a big boost Aug. 19 with a \$7,500 contribution from a local company.

George Wilkins (left) of JELD-WEN Windows and Doors presented the donation to Parks and Recreation Director Mitchell Haugh.

“The youth are our future and anything we can do to help support the local community and youth, JELD-WEN is proud to be part of,” Wilkins said.

Motor Mile Park is the County’s only lighted ball field. Donations will be used to build home and visitor dugouts for baseball and softball practices and games.

“We want to thank JELD-WEN for its generous contribution to this project,” Haugh said. “I hope other businesses and citizens will follow their example and support youth sports.”

For more information or to donate to the project, please contact Parks and Recreation at (540) 382-6975. Checks may be made payable to Montgomery County Parks and Recreation with Motor Mile Park in the memo line.
